SES Germany organized from the 17th and the 19th of October a seminar in their office in Bonn in order to:

1. Establish a regular and close exchange among all the MAB partners and update the participants on the actions achieved so far;
2. Exchange information on the Mentor's Training method which has been developed by SES during the last 15 years with the VerA project;
3. Propose practical example: a mentor and a mentee told the participants their lucky story;
4. Web Platform test
5. Discuss future steps to forward in order to improve the sustainability of MAB project.
